

GETU TESFAYE

Software Developer | QA Engineer | Electrical and Computer Engineering Graduate

Addis Ababa, Ethiopia · +251 900 770 469 · getutesfaye919@gmail.com

linkedin.com/in/getup-tesfaye · github.com/Getu-Tesfaye/Getu · portfolio-inky-alpha-37.vercel.app

SUMMARY

Electrical and Computer Engineering graduate developing a career in Software Development and Quality Assurance. Hands-on experience with HTML, CSS, JavaScript, React, Next.js, Git and GitHub through practical projects. Two years of experience with the Ethiopian Statistics Service in data collection and data encoding using CSPro, with strong attention to accuracy, data quality, troubleshooting and problem solving. Seeking a Software Developer, QA or technology-focused internship opportunity.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Frontend: React, Next.js, responsive web development, component-based UI, form validation

Quality Assurance: Manual testing, functional testing, debugging, defect identification

Data: CSPro, data collection, data encoding, data quality checking

Tools: Git, GitHub, VS Code, MATLAB

PROJECTS

Addis Eats — Food Ordering Web Application

React · JavaScript · HTML · CSS · Git/GitHub

- Built a customer and admin food-ordering application with menu browsing, dish details, favorites, cart, checkout and orders.
- Implemented category filtering, search, cart management, admin dish management and order workflows.
- Practiced debugging, validation, responsive UI development and version control.

Personal Portfolio — Next.js

Next.js · JavaScript · CSS · Git/GitHub · Vercel

- Developed and deployed a responsive portfolio presenting software, QA and engineering projects.
- Added project galleries, professional profile information, contact details and links to GitHub and LinkedIn.

Optimizing Signal-to-Noise Ratio Using Adaptive Filters — Graduation Project

MATLAB · Signal Processing · Adaptive Filtering

- Worked on adaptive filtering techniques for improving signal quality and optimizing signal-to-noise ratio.
- Applied engineering problem-solving and analytical methods to signal-processing tasks.

Ethio Telecom Website

HTML · CSS

- Created a responsive website project focused on page structure, navigation, layouts and responsive design.

EXPERIENCE

Data Collector & Data Encoder — Ethiopian Statistics Service

Addis Ababa, Ethiopia · 2 years

- Collected and encoded data for Agricultural Census and Economic Census activities using CSPro.
- Checked records for completeness, consistency and data-entry accuracy before submission.
- Identified errors and inconsistencies and followed required procedures for correction and validation.
- Worked carefully with structured information while meeting project requirements and deadlines.

EDUCATION & TRAINING

Bachelor's Degree in Electrical and Computer Engineering — Mekelle University

Five-year undergraduate program · Graduation project: Optimizing Signal-to-Noise Ratio Using Adaptive Filters

Advanced Digital Skills Training — IBT College of Canada

6 months · Specialized in Software Development & QA Engineering: web technologies, software testing, QA practices, Git/GitHub and practical projects.

PROFESSIONAL STRENGTHS

Analytical thinking · Problem solving · Attention to detail · Troubleshooting · Teamwork · Fast learning · Data accuracy · Software testing mindset

LANGUAGES

English · Amharic · Afaan Oromoo
